THE WEATHER To-DAY .- From our reports this morning the probabilities are that the weather to-day will be clear.

SURVEYS OF NATIONAL TRANSPORTATION LINES THROUGH VIRGINIA .- Congress at its late session appropriated \$200,000 for the purpose of making surveys for national transportation lines. Of this sum about \$50,000 has been placed to the credit of Colonel William P. Craighill, United States engineer in charge of improvement of rivers and harbors between the Susquehanna and Cape Fear rivers. He has assigned the resurvey of the Central water-line at Alleghany Summit to Lieutenant Turtle, United States engineers, and of the Greenbrier and

New rivers to Mr. W. P. Hutton. The freight railway surveys include lines between the Kanawha river and Alexandria or Quantico, and between Kanawha and some point on the York or James river or Norfolk. The former railway survey is assigned to Mr. C. P. Manning, the latter to

Mr. H. D. Whitcomb. We are not informed of the names of assistants except that Mr. R. H. Talcott will ssist Lieutenant Turtle. Mr. Whitcomb has been directed to survey the route from Clifton Forge down the James. Major C. R. Howard, with Messrs. Marion Randolph, . Purcell, and M. F. Maury, will survey the line between Cliften Forge and Lynchburg; and Major R. H. Temple, with Messrs, E. M. Tutwiler, S. B. Burbank, and A. H. Bishop between Lynchburg and the tide-water. The other portions of the route being occupied by existing lines will not be re-surveyed at present.

Scott (a member of the Board of Aldermen for Jefferson Ward) leave the city to-day for New York, from which port they will sail for Europe on Saturday in the steamship Egypt. DIED FROM HIS INJURIES .- A few days ago Mr. Douglass Doswell, brakeman on the Chesapeake and Ohio railroad, while passing through a tunnel on the road, received a severe blow on the head from a piece of timber which had become detached from the roofing. He was brought down to Anderson's crossing, where his mother resided, and lingered until yesterday morning, when he expired, having suffered great agony.

THE FREEDMAN'S SAVINGS BANK .- At a special meeting of the advisory committee of the Freedman's Savings Bank it was resolved that the creditors of the bank should be requested to retain 'their books until the affairs of the company are settled. The committee take this course because it is currently reported on the streets that there are persons who are endeavoring to persuade some of the people who have money in the bank to sell their books at a great sacrifice. The committee are advised that the bank's creditors will sustain very little if any loss, though it is likely that it will take two or three years to close up its business.

The interests and the welfare of the party, the city, and the Con-gressional district were discussed. The season, to come off a few miles below the meeting adjourned to meet again this evening at 8 o'clock, when further business will

be transacted. A TITLED IMPOSTOR IN TROUBLE.-Wiliam H. Campbell, colored, from Washington, D. C., has been arrested upon the complaint of respectable colored people of this city, upon the charge of having obtained \$600 from Jacob Richardson, and others,

under false pretences. Campbell was before the Police Justice yesterday to answer the charge, but General H. A. Wise, as counsel for the complainants, asked a postponement until August 1st to give him time to collect additional testimony. The Justice granted the continuance and bailed the accused in \$500.

It appears that Campbell claims to Grand Chief Magistrate of the National Order of the Grand United Sons and Daughters of the Living Council of the Cross," which he says was chartered under act of Congress of the 5th of May, 1870, to have its headquarters at Washington, D. C., and to devote its money and talents to "aiding the sick, comforting the distressed, caring for orphans, and burying the dead." Impressed with the merits of the order, the 'Chief Magistrate" has sought to confer its benefits upon the colored people of Richmond, by instituting subordinate lodges in their midst; and for this purpose he brought with him printed charters, which he reluctantly parted with for valuable money consideration to any societies he could persuade by his "lectures" to embrace the scheme. Besides this, he charged a fee for instituting lodges, and required the payment of monthy dues. He also sold, it is said, small paper bound books, containing rules and regula-tions, which are endorsed by Samuel L. Rogers, of Greene county, Penn., who signs himself "Chief Father" of the order of which Campbell is an apostle. One of these books and three of the charters were placed in evidence before the court. Each of the latter was sealed with a large red seal, each of different form; one was also adorned with an official postage stamp of the Post-office Department. The complainants alleged that Campbell is an impostor, and has appropriated to his own uses the money he has

collected. S. M. Page. Esq., is counsel for the Grand Chief."
